ZBT.. A Powerhouse of Excellence

IOTA ADVISORS' UPDATE

We are pleased to report that 2011-2012 has been a successful one for IOTA.

The Chapter was recently honored as the best fraternity at DU earning a rating of over 90% on their standards of excellence of program. Merrick Hiton was honored as the Greek Man of the Year, a high honor indeed! The Chapter initiated 36 men, an IOTA record, which should once again garner them the National Award for recruitment for chapter on campuses with fewer than 10,000 students. Our GPA continues to improve with ZBT ranking in top three fraternities on campus. We are presently #1 in the Greek IM rankings. Furthermore, the Chapter continues to do community service work and raise funds for MS and the Children's Miracle Network.

We are pleased to welcome Greg Grauberger as our new faculty advisor. We know Greg will help the chapter focus on what is important – academic excellence.

We want to thank Scott Adams and his leadership team for the efforts this year and welcome and look forward to Kevin Sullivan's team doing a great job as well.

I want to thank all of our advisors who do a great job mentoring our undergraduates: Gary Berz, Jay Reano, Kyle Leigh, Peter Belsky, Mike Tracy, and Haydn Hite, our House Director who has done a great job for us this year. Also a BIG THANKS to Don Reisfeld for his efforts as the publisher of AN IOTA'S WORTH.

C, F & S,
Steve Ehrlich

The Brothers of Iota would like to thank Chancellor Coombe for speaking at chapter house. His insight on how we can help better the greater DU community was greatly appreciated. Letter from the President

It has been an excellent year here at our Iota chapter. I was only given 200 words for this article so it will have to be brief but let's recap what we have achieved in this year (so far). The recruitment process really set the tempo this year with the addition of 25 brothers in the fall supplemented with seven quality brothers between winter and spring recruitment. From there we worked to get every brother involved so that as a whole we can achieve our goal as the best chapter in Zeta Beta Tau. For example the Philanthropy committee has revamped its efforts, utilizing an online donating system so that we were able to raise over five thousand dollars to be donated to charities such as the Children's Miracle Network and MS Walk – Denver. But not to be outdone by our philanthropic efforts, our community service has been at an all-time high with the average brother donating roughly 10 hours every quarter. To put that in perspective, our brotherhood in the fall and winter quarters alone donated about 1600 hours of community service volunteering at places such as the Denver Rescue Mission, the Colfax Marathon, and the Children's Hospital of Denver.

Not only are the undergraduate brothers selfless in their philanthropic and service activities but we realize that one must also focus on improving one's self as well. In academics we have been consistently raising our chapter GPA, currently a 3.33 this past quarter. To put this in context we have been above the All-Men's GPA for the past four quarters and have the third highest GPA among fraternities. We push each other to excel in the classroom with weekly study tables, big brothers to tutor or assist if need be, and even have our Academic Advisor, Greg Grauberger, available as a resource to brothers if they would like some extra help.

Overall, through holding the Brotherhood to high standards we have been able to reap the rewards of our hard work. At this year's Greek Awards Banquet, Zeta Beta Tau dominated receiving the Presidential Pillar of Leadership and the Award of Excellence from the University, the highest award given by the University and the only fraternity to be deemed worthy of the award. It is also worth noting our own Steve Ehrlich '70 was recognized as the Advisor of the Year and Merrick Hiton '12 was recognized as the Greek Man of the Year, proof that our brothers are among the best men at DU. While we are proud of our chapter, especially Steve and Merrick, I believe the most defining characteristic of our chapter was exemplified after

A Powerhouse of Excellence

the Greek Awards when multiple brothers were not satisfied with how we did. It reflects the attitude at Iota that while we may still excel we are never satisfied and always strive to become a true Powerhouse of Excellence. I, as many brothers, will attest that Zeta Beta Tau has been one of the best things to happen to me and I am forever grateful for how much it has taught me. Our Iota chapter has allowed me to grow from a high school boy to a young collegiate man of character. I hope that you read through and enjoy the newsletter and it reminds you of your own days as an undergraduate in the Brotherhood. If you have any questions, comments, or concerns please do not hesitate to call me at 508-574-8090 or e-mail at: Kevin.sullivan27@gmail.com

Letter from Our New Faculty Adviser

Hi, I'm Greg Grauberger, the new faculty adviser for ZBT, I work as an adviser at the Daniels College of Business and work closely with DCB students and their families. My new opportunity to serve for ZBT has given me the chance to branch out and enjoy the privilege of working with a group of brothers who are very visible and distinguished on campus. In the short time I've been associated with ZBT, I have learned of the energy and effort that the house places against all campus activities, creating well-rounded brothers who possess strong attitudes and are creating positive, and lifelong networks. As a priority, I want the current brothers to think back to the time that they joined this group, the commitment to stand shoulder to shoulder with their brothers, to respect and be there for them. Now, step back and take a minute to re-examine that original commitment they made to themselves and to the others who are their ZBT family. Given that perspective, how can they personally extend and increase that commitment inside the ZBT community? What are some strategies and tactics to accomplish this academically, culturally, and socially? These will be some areas we explore in the future, and as alumni, your feedback is welcome. email: gggrauber@du.edu

Community Service

This year, the fraternity has provided many services for the community. We have participated in many events like serving and preparing food to the homeless, helping run a marathon, raising money for the Children's Miracle Network, and etc. At the DAPL 5k marathon, one of our more recent events, we received a thank you letter from the committee saying that that our 25 volunteers filled a void that they did not know how to fill. In addition to our work at this race, the fraternity has reached an average of 12 hours for each brother per quarter. In the oncoming weeks, we will be running and volunteering in the Colfax Marathon, doing arts and crafts at the Children's Hospital of Colorado, organize medical supplies sent to third world countries, continue our weekly volunteering at the Denver Rescue Mission, conducting a food drive, and fundraiser and participate in the MS walk here in Denver. With all of these events, we are making a mark on the Denver community and as well upholding the tenants set out by the fraternity.

Iota Wins Greek Awards

The latest Greek Awards, an event intended to recognize outstanding chapters at the University of Denver, was truly a memorable evening for our fraternity. Senior, and past Vice President, Merrick Hiton, was honored to win Greek Man of the Year for his outstanding coursework, experience in the work world, and his incredible involvement in Greek Life. Our long-time advisor, Stephen Ehrlich, was awarded the Greek Advisor of the Year in recognition for over three decades of hard work, determination, and passion for ZBT. The Iota chapter was also honored to win the Presidential Pillar of Leadership, which recognized its Executive Board transitions and its work with the Pioneer Leadership Program at the University of Denver to develop young leaders. Most impressively, the chapter was honored to receive the Award of Excellence, which is only granted to chapters meeting over 90% of the goals of Greek Life at DU. Iota was the only chapter to win this award, and the first chapter to win in at least four years. This night confirmed our commitment to be **'A Powerhouse of Excellence'** at DU and validated all of the hard work performed throughout the past year.

C, F & S,
Scott Adams '12

Congratulations to our Greek Award winning brothers.

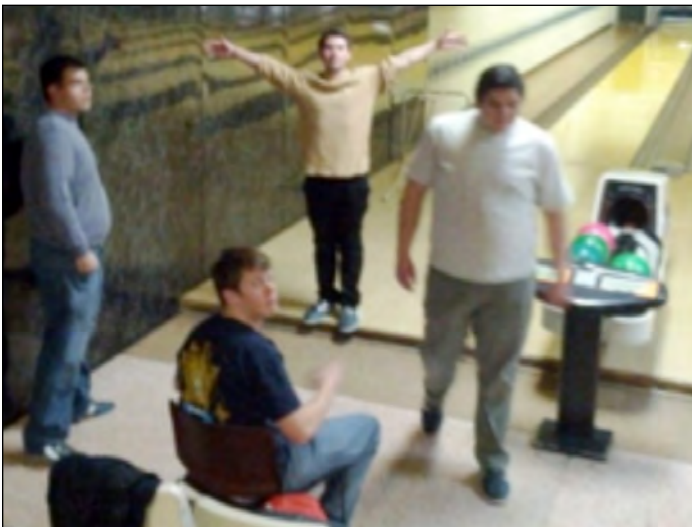

Athletics

This year in athletics we have built off of the success that had last year in winning the Campus Championship of intramurals. Currently we are in first place for three of the IM championships, those being Overall, Men's and Greek Championships.

This year we have had great participation by all brothers, including the new brothers of this year and the juniors and seniors. We have had some of older brothers such as TJ Lawless, Max Mayeda and Nick Miscioscia step up and captain our teams, and lead us to second place finishes in soccer and football and a third place finish in volleyball and soccer.

This quarter we are participating in six leagues including, two football leagues, two soccer leagues, a broomball and for the first time an ice hockey league. If we finish off the quarter strong we have a chance to win all three of the championships that we are in contention for.

C, F, & S,
Alex Payne

Iotan's strike it big at bowling night.

BDD

Spring has sprung and Iota's Brotherhood development is flourishing. The BDD committee has been working to get fun and exciting events to promote brotherhood bonding. This quarter we have begun implementing bi-weekly off-campus dinners hosted by older out of house brothers. The purposes of these dinners are to connect brothers that may live out of the chapter house and acquaint the older and younger brothers as well. These dinners typically compose of two brothers from every class, making them more intimate for brothers to bond. There have been two of these off-campus dinners hosted by Juniors: Packy Conklin, Adam Rosen and Will Borkan and Seniors: Merrick Hiton, Nick Pisciotta and Adam Greenberg. Thus far these dinners have been successful and the feedback has been nothing but positive. We thank these brothers that have already hosted and those that will be hosting dinners later in the quarter.

Academics

The Iota Chapter of Zeta Beta Tau has a tradition of excellent academic achievement. In spring 2011, we placed 13 Brothers on the Dean's List, meaning they achieved a 3.75 quarter GPA or greater. This excellence continued into the fall, where 15 Brothers made Dean's List, and the chapter as a whole had the third highest GPA out of all University of Denver Fraternities. A 3.34 Collective fall quarter GPA was followed up with a 3.33 collective winter quarter GPA, including another 14 Brothers making Dean's list. We are very proud as a Fraternity of our academic accomplishments, and are looking to continue this excellence with the addition of our new Academic Advisor Greg Grauberger, who will be a great asset in helping Brothers achieve their personal best and helping the Fraternity as a whole grow and improve academically.

House Director

The house survived the light winter we had this year in great shape. Dinners out on the deck are common now that its warmer, and every day there are brothers playing basketball on the court. The hedges we planted last fall all survived the winter and are healthily growing again. We installed new electrical outlets in the dining room for the brothers to charge up their laptops while they are studying. The house will be completely full next year thanks to such a great rush this year. It's Great to be a Zebe.

Recruitment

This year's recruitment was an overall success. Matt Coleman, who did a fantastic job organizing all of the events and recruitment in general in the fall, had an extremely successful addition of new brothers. This winter, we added five great new brothers that have already jumped into leadership positions. Then, a few weeks ago we initiated two new brothers that we are very happy to add to the brotherhood. My committee and I, with the help of Executive Board and Advisors, have worked out all the hiccups of our recruitment process and have already started the process for fall recruitment. If anyone has any recommendations for possible new members, please contact me at: nyoung24@du.edu

Alumni Chairman

My name is Max Halpert and I am happy to be the new Chair of Parent/Alumni relations. I look forward to improving communication between the chapter and its alumni brothers. Last quarter we had an alumni/student poker game that went very well. We have more alumni/student events coming up which I encourage all alumni come and participate in, including football, softball, as well as the possibility of another poker night. We are also working on improving the Alumni Big Brother Program. This is where alumni mentor graduating seniors and better prepare them for life after collage. This is great opportunity for undergrad students to gain an advantage over other in such a highly competitive workforce. It is also a great way for undergrads and alumni to meet and connect on a deeper level. I highly encourage undergraduate brother to take advantage of this rare opportunity and alumni brothers to volunteer as mentors. If you have any suggestions, comments or questions feel free to contact me at: maxhalpert@gmail.com

IOTA Updates Their Website & Facebook Pages

We are currently in the process of building a revamped website for Iota. Design is completed, and we are now collecting content for the site that will include over 90 years of Iota's history at DU. The new site promises to be much more interactive, intuitive, and permanent than the last few iterations. With a focus on recruits, parents, and alumni, we hope the website will become a greater portal for our family to gather and learn about Iota's values and accomplishments. Visit: <http://www.duzbt.com>

Our Facebook page will further be updated. We plan to have Iota's overall calendar and recruitment events schedule implemented automatically. New creative will also be produced to match that of the new website, creating a more cohesive and memorable look and feel. See Zeta Beta Tau at the University of Denver.
