## Iota Chapter... 107 Strong and Best Fraternity at DU!

### MESSAGE FROM THE IOTA PRESIDENT

The past year has been another successful one at Iota chapter. We have remained the largest chapter on the University of Denver's campus, have continued to grow our Brotherhood Development programming, and philanthropy has had a lot of success. We are on track to have raised \$10,000 through our 'Get on the Ball' Campaign for Children's Miracle Network. Furthermore, we have our ZBTahiti fundraising concert coming up. This year's concert is featuring the world famous Waka Flocka. The spring is our busiest and most anticipated quarter. Coming up next week we have our chapter's formal at the Thunder Mountain Lodge up at Breckenridge Resort. After ZBTahiti and formal, we have our retreat. This year we are camping in Cañon City, a little south of Denver, and river rafting down there. Something new about this year's retreat... we are going to do a community service cleaning of the campground and its surrounding areas.

This past summer, Iota's success was highly recognized at the International Convention. We were fortunate to win the following awards: Runner Up Brummer Cup – Best Chapter in ZBT (Receiving our charter eight years ago in 2007, Iota has been the runner up seven of those years), Barry D. Siegel Award – Best Recruitment for Chapters on Campuses Under 10,000 Students, The Maxwell Hyman Award – Most Outstanding Chapter Advising, in recognition for the Iota Advisory Board, Alexander "Babe" Lewin Award – Alumni Outreach & Programming, Omega Award – Outstanding Publications, Best Website – For Visual Design & Quality Content, and runner up Lee Dover Award – Chapter Programming, runner up Theodore G. Rich/St. Louis Alumni Advisory Association Award – Outstanding Participation in Community Service Projects.

Congratulations to Brothers Aaron Rix and Tyler Irani for being recognized with the only two individual academic awards for ZBT. Rix was recognized for outstanding senior academics, and Irani for outstanding academics for all undergraduates. Iota is proud of our past year and look forward to finishing strong this spring.

I was extremely honored to be elected as chapter president in February and have some big shoes to fill after Ben Brentin's year in office. I am confident that this coming year will see similar successes to the past year and look forward to it. It's great to be a Zeeb!

Cordially, Fraternaly, and Sincerely,  
Christopher Nalen, President

As we celebrate National Volunteer Appreciation Week, we know our Brotherhood is stronger for your support. Alumni play a critical role in the experience of the younger brothers. We hope you will take advantage of this perfect time to re-engage with the greater ZBT Brotherhood.

**Here are 10 simple ways you can be involved with the Fraternity:**

**ONE**

Update your contact information in <https://my.omegafi.com/apps/myomegafi/public/login/index.php?apikey=2ada68dd7553b542c445a45f518e55f4&oauth=0&eventid=>, our brothers only portal. This data management tool has many great features to check out while you're signed in, such as an alumni search, calendar of events and job bank. Having trouble logging in? Call us at (317) 334-1898 for assistance.

**TWO**

Visit <http://www.ZBT.org> to read more and like the international Zeta Beta Tau Facebook page <https://www.facebook.com/Zeta-Beta-Tau-Fraternity-150061359272/> to learn more about current events in the Fraternity.

**THREE**

Send the current president or alumni relations chairman of your chapter a note to make sure they have your contact information and get a status update on how the chapter is doing. You can find their information in [myZBT](#).

**FOUR**

Lost touch with a chapter brother? Ready to reconnect with someone you haven't seen in a while? Give them a call, send an email or invite them to grab coffee or a meal.

**FIVE**

Volunteer with ZBT. There are many ways you can give back to the Fraternity, from being a guest speaker at a nearby chapter to serving on international committees. Fill out our interest form via <http://zbt.org/alumni/volunteering-with-zbt.html>.

**SIX**

Looking to expand your network and connect with ZBTs in your local area? Consider joining an alumni association. If there isn't an official ZBT alumni association in your area, consider starting one! Connect with the ZBT Alumni Engagement team to find out more about alumni associations <http://zbt.org/alumni/alumni-associations.html> in your area.

**SEVEN**

Make a financial contribution to the Zeta Beta Tau Foundation. Your tax-deductible gift will help build, create and sustain programs and scholarships that directly impact brothers and chapters. Learn more about the work the Foundation does at <http://www.zbt.org/foundation> or <http://www.zbt.org/donate>.

**EIGHT**

Know a student entering college this fall or currently attending school who is not in a fraternity and would make a great ZBT? We'd love to reach out to them about our brotherhood. We would also appreciate hearing about ZBT legacies you know. Please share names with us via our online recruitment form <http://zbt.org/alumni/recruitment-recommendation.html#>.

**NINE**

Submit your news for the Digital Deltan alumni magazine. One of the most popular sections is individual alumni news. Please take a few moments to provide us with information about your career, family and achievements so that we may include it in the next edition. <http://zbt.org/alumni/submit-news.html>.

**TEN**

ZBT's International Convention gets bigger and better each year. Mark your calendar now and plan to join us from July 21-24 in Atlanta for 2016 International Convention! We will have a full slate of alumni activities, such as a celebration of three historic chapters celebrating their centennials, the Ronald M. Mankoff Alumni Panel, the Grand Awards Banquet and ZBT exclusive excursions around Atlanta. Registration opens this month. Visit <http://www.zbt.org/atlanta> for updates and to sign up.

## 35,000 fans watch DU, Colorado College play hockey at Coors Field.

DENVER -- It was a historic night at 20th and Blake streets in lower downtown Denver on Saturday night as more than 35,000 fans filled the stands for the first hockey game at Coors Field. The University of Denver and Colorado College squared off in the "Battle on Blake." The bitter rivals drew large student sections that turned Coors Field into a college-like atmosphere. "There's so many more students than would come to a regular hockey game," a DU student said. "It's awesome." "Our student section is here. They're loud and proud and we're ready to win," a CC student said. The attendance of 35,144 was a DU athletics record. The clear skies and 60-degree temperatures made for a night better suited for baseball, but fans weren't complaining.

"I couldn't believe it was going to be 65 degrees and we're going to play ice hockey," a DU student said.

### College hockey: Denver downs Colorado College at Coors Field

The scene was quite different, but the turning point between Colorado College and No. 10 Denver proved all too familiar. No. 10 Denver used its power play to deliver the knockout blow during a decisive third period and pulled away for a 4-1 victory over CC before a Colorado college record crowd of 35,144 at Coors Field. Two power-play goals in 15 seconds clinched the National Collegiate Hockey victory. Danton Heinen scored during the 5-on-3 man advantage and Pacific Rim Line mate Dylan Gambrell scored with 16:54 left to blow the game open. The linemates combined to down CC in the third period in Thursday's 4-1 loss as well.

An interference call with 18:21 left made it a 5-on-4 DU power play and a bench minor for too many men 55 seconds later gave third-place Denver (17-8-5, 13-5-2 NCHC) a 5-on-3 man advantage, setting up the spurt. "That really turned the momentum," CC defenseman Cole McCaskill, who scored CC's goal. "We had things rolling." The Battle on Blake game was the first held outdoors in the 66-year-old rivalry series. The loss was CC's eighth in row to their rival, who has outscored them 39-14 over that span. Denver's superior depth has been key during that stretch.

### Congratulations to Marty Kravitz and Jordan Schnitzer they have been awarded the American Academy of Trial Attorney's Premier 100 Designation.

Marty Kravitz (an Iota) and Jordan Schnitzer have been awarded the American Academy of Trial Attorney's Premier 100 Designation. The purpose of the American Academy of Trial Attorneys (AATA) is to promote through recognition the professionalism and excellence of those Trial Attorneys who have earned the designation as a Premier 100 trial attorney. There are over 1.2 million attorneys in the US and less than 1% are selected to receive the AATA Premier 100 Designation.

Marty Kravitz has been in practice since 1977 and Jordan Schnitzer has been in practice since 2007 and both specialize in civil litigation. They have been recognized for their commitment to providing excellent representation for clients both inside and outside of the courtroom.

## PROJECTED COMPLETION: AUGUST 2017 WITH YOUR SUPPORT!

### Support Denver University and Iota Chapter

We know many of you regularly donate to DU. **Please consider earmarking your donation to IOTA this year, and the next few years.** It will make a difference not only in finishing Iota's capital project, but in the experience that our current and future brothers have in the chapter house. **The Donation/Pledge Agreement form is enclosed for your use.** Please give now to support your university and chapter.

#### Iota's Second Century Plan

Iota's storied history continues as we approach the celebration of our centennial.

Founded in 1920 at DU, Iota chapter has initiated over 1,000 brothers. The chapter is currently enjoying great success. It has been honored as the #1 ranked fraternity at DU the past several years and runner-up for national ZBT best chapter award aka The Brummer Cup, for six of the past seven years. The chapter has had over 100 brothers for the past several years.

The chapter house was built in 1959 with a small expansion of the dining room in the mid-1960s.

Based on the number of brothers in the chapter, the fraternity has not been able to hold chapter meetings, rituals, all house dinners and other all chapter events in the existing dining/common space area.

Many of you know that the chapter house is owned by DU. In the past few months we have been working with the University on preliminary plans to improve and enlarge our house and home. We have met with both Allan Wilson, Director of Building Services and Craig Woody, Vice Chancellor to discuss this project. The main focus of this project will be the expansion of the dining room into a space large enough to hold all chapter events. For safety purposes, a fire suppression system will be installed, the main floor powder room will be made ADA compliant and the original 1959 boiler will be replaced. The University has agreed to partially participate in this project.

***Our goal is to complete this project by the end of August 2017.***

#### We Need Your Support!

At current construction cost levels, based on preliminary cost estimates from two DU approved commercial contractors, we must raise at least \$200,000 before we can obtain final University of Denver approval for this project. All donations made to the ZBT Iota Renovation Fund through the University of Denver is tax deductible up to the full extent of the law. You can easily give online at <http://www.du.edu/givetoibt>.

If we can raise at least this sum of money we believe we can make this an economically feasible project.

#### How Your Donations Will Make an Impact

Donating to this project will assist the DU owned fraternity house to upgrade their building, enhance the building's safety and meet ADA guidelines. Of course, this will help **YOUR** fraternity with a functional addition and upgrade that will provide years of useful service.

Your generous donation will go directly to the **ZBT Iota Renovation Fund** to be used only for the University of Denver ZBT house. The project is proposed to blend in with the original building with similar exterior and interior materials. We are stressing functionality and feasibility. **See pages 9 and 10 for Naming Rights and Pledge Agreement forms.**

Our undergraduate brothers also contribute to this project. Each spring quarter all freshmen, sophomores and juniors are required to contribute \$55 each to this fund to provide a continual stream of money to make improvements to our chapter house. By this action, the undergraduate brothers have a vested interest in making our house their home now as well as making it a better place for those brothers who will come after them. We also anticipate receiving support from parents of brothers.

### The Financial Plan

As explained above, we will be partnering with the University to make these improvements. While the figures have yet to be finalized we are estimating the project will cost around \$800,000. The University will be funding approximately one-half of this project to cover the infrastructure improvements. We will be funding the other half that focuses on the expansion of the common space. It is our plan and goal to raise \$200,000. This coupled with the approximately \$75,000 we already have in reserves and the remainder to be financed through an increase in our lease payments will allow us to move forward. Furthermore, we have adequate reserves in the House Corporation account to pay for furniture and furnishings for this project. The money to be raised can be in the form of donations and pledges for future donation to the University earmarked for the **ZBT Iota Renovation Fund**.

To pledge online visit: <http://www.du.edu/givetozbt> See pages 9 and 10 for Naming Rights and Pledge Agreement forms.

## Recruitment Recommendations Wanted

We are looking for a few great men. If you know any men that will be attending DU please send his name and contact information to Madison "Sonny" Davis our recruitment chairman at: [madisonenlowdavis@gmail.com](mailto:madisonenlowdavis@gmail.com).

## Chapter Advisors' Message

As the school year comes to a conclusion it has been another outstanding year at IOTA. We initiated 37 new brothers. Thanks to our recruitment chairmen, AJ Stowell and Madison 'Sonny' Davis, and their advisor/mentor Scott Adams for a job well-done. We thank our outgoing officers and chairmen led by our immediate past president, Ben Brentin. We are thrilled that Ben was recognized as the Outstanding Fraternity President at DU. We are pleased Jake Lotwin was honored as Best Fraternity Member at DU. Raising over \$10,000 for the Children's Miracle Network along with donating funds to other charities is another way brothers live the ritual. Our B+ child the brother are doing service with over 3,000 hours of community service.

We have been impressed with the work of Chris Nalen, Iota President, and his new officers and chairmen and are very excited about our future.

Thank you to my fellow advisors, members of our house corporation and our faculty advisor for their continued efforts and service. A special thanks to Laitin Beecham for his service as our National Staff liaison this past year. Thanks to Peter Belsky who has served for many years as an advisor as he takes time off to attend to his soon to be growing family. We wish Zach Wallace all the best for his service as our house director and assistant chapter advisor as he moves on with his career. As always a big thanks to our *'An Iota's Worth'* editor, Don Reisfeld without him this award-winning publication would not be possible.

It is truly great to be an Iota and a ZBT at DU.

## Iota Continues to Grow

With the addition of 37 new brothers this school year and for the second year in a row, Iota chapter is a brotherhood of over 100 men. Please send your rush recommendations to Madison Davis via email at: [madisonenlowdavis@gmail.com](mailto:madisonenlowdavis@gmail.com)

Recommendations for other ZBT chapters can be made by going to <http://www.zbt.org/join-a-chapter/recruitment-recommendation.html>

This will be passed onto the appropriate chapter.

## Faculty Advisor

I'm Greg Grauberger, the faculty advisor for ZBT, I work as an advisor at the Daniels College of Business and work closely with Daniels students and their families. My opportunity to serve for ZBT gives me the chance to branch out and enjoy the privilege of working with a group of brothers who are very visible and distinguished on campus. In the time I've been associated with ZBT, I have witnessed the energy and effort that the house places against all campus activities, creating well-rounded brothers who are creating meaningful, lifelong networks. As a priority, I want the current brothers to think back to the time that they joined ZBT, the commitment to stand shoulder to shoulder with their brothers, to respect and be there for them. Now, step back to re-examine that original commitment they made to themselves and to the others who are their ZBT family. Given that perspective, how can they personally extend and increase that commitment inside, and outside the ZBT community? What are some strategies and tactics to accomplish this academically, culturally, and socially? These will be some areas we explore in the future, and as parents and alums, your feedback is welcome.

## Recruitment

I'm the Recruitment Chair here at IOTA. During this past quarter of being Recruitment Chairman I have been very busy with Spring Recruitment! My committee and I planned and budgeted each event, updated our list of names with value-based information (G.P.A, extracurricular, and what they would contribute to IOTA). We worked on making sure attendance at these events was high (for brothers and recruits) and made sure that everything went smoothly. We created a presentation with this information to use during bid voting which I helped lead. All in all, we recruited six great guys in the spring and I am even more excited for all of the great guys we hope to get in the fall!

Please send recruitment recommendations to:

## Programming

Zeta Beta Tau's Iota Chapter has always been devoted to not only holding events that interest brothers, but also help them to grow into the type of men that Iota is proud to call its brothers and alumni. This year has been no different; much of what E-Board and our committee chairs have done is to keep things fresh and new, and refrain from having repetitive events that bore brothers.

The majority of this responsibility falls to the Brotherhood Development committee, or BDD. So far, our BDD co-chairs, Jake Lotwin and Avery "Smooth-Belly Jelly" Cederstrand have done a phenomenal job at revitalizing enthusiasm by including multiple well-planned events every week. Some of these events include skeet shooting, trips to Buffalo Wild Wings, and continuing our long-standing fraternity tradition of going to The Deli. Coming up quickly in the next few weeks are Iota's ZBTahiti, formal, as well as retreat coming up this May. These are some of the events our brothers look forward to eagerly every year and we're fortunate to see high enthusiasm amongst the chapter. Retreat looks to be an excellent chance for our younger brothers to see what it is that makes our brotherhood so special, as well as an opportunity for our seniors to reflect on their four years as both a Pioneer and a member of Iota. Additionally, with a successful spring recruitment period behind us, we are looking forward to see our freshmen grow collectively as a class. Our attention now turns to the fall and setting up what we hope to be the best recruitment yet. We are trying out several new Alumni events this spring, such as a Colorado Rockies game, in addition to our traditional poker game. Our Community Service committee has been one of the best we have seen in recent memories, including a new tradition of brothers volunteering their weekends to build houses for Habitat For Humanity. We are also pleased to announce the creation of two new committees, the Heritage committee and the B+ Committee. The Heritage committee headed by Austin Oberfeld is aimed at working within the Jewish community to foster a culture of growth and respect. The B+ committee, headed by AJ Stowell and Sean Anderson, works with the B+ Foundation, an organization that provides support and comradely to kids battling cancer. Recently we were paired with our B+ Hero, an 11-year-old boy named Melvin. As a chapter we play sports, watch movies, and hang out with him. We are proud to consider Melvin an integral part of our Iota family. We, as Vice Presidents and brothers of the Iota chapter, are looking forward to Spring

Quarter, as well as setting up the chapter for numerous successes and continuing the traditions of our chapter to cast a positive light upon both Iota and the University of Denver Greek Community.

## Brotherhood Development

To those who do not know me, my name is Avery Cederstrand and I am the new face of Brotherly Development in the Iota chapter of ZBT. Let us begin by giving a huge congratulation to our outgoing chair and now reigning IFC Member of the Year, Jake Lotwin.

With such big shoes to fill, there's a lot of pressure coming with this new chair position and through this transition to becoming chair I have a lot to learn.

However, these past two quarters of BDD have been second to none. Closing out the winter quarter with the inaugural "Surprise Week," there were brothers bonding all over Denver from the house to Dave and Busters, Buffalo Wild Wings, and beyond. Of course, we could not let the stress of winter finals stop the continuous quest for brotherhood as a few brave patrons adventured to the hole in the wall known as Lake Steam Baths for a relaxing day in the steam room. Unconventional? Yes. Bonding? Best put by Connor Haas:

*"Though it was strange, this was one of the best events in terms of bonding that we have had all year."*

With ZBTahiti and Formal approaching in spring, many thought BDD wouldn't be as active as they were in winter quarter. To the relief of many, this was not the case. Already the brothers have seen Chick-Fil-A at chapter, another competitive outing at Dave and Busters, as well as a day at the shooting range where the acute accuracy and woeful misses were observed. With the temperature rising and important events around the corner, much more is in store for the brothers of Iota.

## Provost

Hello, my name is Peter Throckmorton and I currently hold the position of Provost within the fraternity. As the Provost I am responsible for the education of the new initiates coming in, and the chapter as a whole. This includes inviting speakers to chapter, having leadership workshops, and running new brother education for freshmen during their first quarter in the chapter. Over the last year we have had speakers that include local law enforcement, DU Career Services, a MS society representative, Campus Safety, and many others. I personally believe that these speakers provide a unique learning opportunity for the chapter because they teach us about leadership, heritage, and show us what our philanthropy goes to. I also believe that it is important to help the junior and senior classes find potential jobs while also helping the freshman and sophomore classes prepare for the future. This is why I try to have a workshop or speaker that is focused on the future each quarter. This spring quarter we are welcoming a new speaker, a member of the DU health and counseling centers CAPE division. He is planning on coming and sharing information on sexual assault, and how to prevent it. Speakers are a critical part of the development of our chapter, but it is brotherhood that truly makes up the roots of our fraternity. ZBT has been a very progressive chapter throughout its history. In 1954 ZBT opened its doors to men of all creeds, religions, and race and in 1989 ZBT tossed aside its pledge process and eliminated hazing. This has led to a truly unique education experience that creates brotherhood through true bonding instead of a two-tier system. I have spent the last quarter developing in a new syllabus and education program to help freshman transition into the fraternity and become a good active member. New brother education is an incredibly important piece of our fraternity as it sets the tone for the incoming members of what to know, and what to expect. What I have added on top of what previous provosts have done, is increased the numbers of discussions to the learning process. These discussions will be based on the tenants of the credo, and different topics that influence all of us as college kids. Each week of the education process is connected with one of the tenants of the credo and will be the overarching theme to the class. It focuses on being socially aware, having integrity, and creating a strong brotherly bond. While new brother education is the core program of our education it never ends there. I want to make new brother education not

just about learning how to be a good brother, but how to be a better person. I have had the honor of watching everyone from the freshman to the seniors grow throughout my three years in this chapter and I truly believe that the Iota chapter has a positive influence on both the members of our organization, and the community around us.

C, F & S,  
Peter Throckmorton  
Provost

## B+ Positive

This year we have implemented a new chair in ZBT called B+. What we have done this year for B+ is sponsor a child and tries and creates a brotherhood with him. This year the boy we are sponsoring is Melvin, so far this year we have taken him to movies and invited him over to the house to have dinner with the brothers, and play games with him also. In the future I am hoping that we could involve Melvin in our BDD events, and invite him to come eat with us or do other brotherhood bonding events with him included. I think this is a great way to increase our brotherhood with Melvin. What we are trying to do with B+ is create a brotherhood that Melvin can look up to, and by including him in a lot of these events is a great way to do it. I am very much looking forward to this upcoming year with B+ as we begin to grow this position.

## Alumni/Parental Relations

My name is Geoffrey Lasin and I am the Parent/Alumni Chair here at IOTA. My job is to keep in touch with all alumni and plan special events with the current brothers so everyone can be reunited together. Also, part of my job is to collect individual alum's information and update all alumni on how the chapter is currently doing. I write mothers and fathers day cards to wish all parents well and welcome them to our chapter house during our "Parents Reception" during parents week-end in the fall so freshman parents can see our chapter house. My job requires a lot of communication and keeping alumni relations in tact.

C, F & S,  
Geoffrey Lasin

## Philanthropy

ZBT Philanthropy is one of the most fulfilling positions within the Iota Chapter. Ben Kanellitsas was able to orchestrate our best year yet in terms of the Get on the Ball Fundraiser benefitting the Children's Miracle Network Hospitals. We raised \$10,000 this past school year and I hope to surpass this incredible feat during my tenure. There are many plans in the works in terms of ZBT

Philanthropy that will be creative, fun, and most importantly beneficial for the various organizations and foundations planned for this next coming academic year. Thank you to all who donated for making this all possible.

C, F & S,  
Luke O'Brien  
Philanthropy Chairmen

## Public Relations

My name is Whitley Daniel, and I am Public Relations chair for ZBT Iota chapter. I am in charge of updating the Facebook page for our chapter frequently. I am also in charge of photographing our events. Finally, I am also working to update the DU ZBT website. To improve this chair position in the coming year, I plan on designing and creating more clothing for our chapter for the events that we do, whether it is a philanthropy shirt for Get on the Ball, or a shirt for a social event. I think that with more brothers wearing letters more often will help with recruitment, and our overall presence on campus.

C, F & S,  
Whit Daniel  
Public Relations Chairmen

## Heritage

Our heritage committee at the Iota chapter is off to a great start! We are collaborating with Hillel for the Holocaust Memorial Day speaker. We are working to plan a charity run with National Jewish Health in Denver, and we hope to plant a butterfly garden on our campus in honor of Pavel Friedman. Lastly, we are looking to bring a stronger Jewish identity to our campus and our chapter!

C, F & S,  
Austin Oberfeld  
Heritage Chairmen

## Rituals

The Rituals Committee has been hard at work ensuring we as a chapter kept our sacred fraternity rituals alive and well. Friday April 8th we had our Spring Initiation ritual where we welcomed in six new brothers to our chapter. On April 22nd we held our Big Brother ritual.

We are also looking forward to our other spring rituals and hope for a great end to this year!

C, F & S,  
Cory Dubray  
Rituals Chairmen

## Traditions

From driving through the first snowfall of the year to get to Winter Park in fall, to snowshoeing through Estes Park in winter, retreat has been the highlight of each quarter for me. As the new Traditions Chairman, I have been busy organizing everything for our upcoming Spring Retreat. We are once again headed up to the San Isabel National Forest for some camping and white water rafting, and to celebrate the graduation of our senior brothers holding the Graduation Ritual.

Since spring retreat always seems to be a highlight of the year, we are going to have as many brothers as possible going up to retreat a day or two early just to spend some extra time camping. Although it will be bitter sweet, I have been looking forward to spring retreat all year, and I am very excited to be the one organizing it.

## House Manager

I am the house manager for Zeta Beta Tau. My duties include scheduling all house clean ups and managing the house and its safety. I make sure that areas are cleaned for company and that anything broken gets fixed. I designate specific areas in the house to in-house brothers and reinforce the necessity to do those jobs. For this chair position I make sure that I communicate how important a clean house is as well as demonstrate proper ways to keep the house clean.

Jack Cartwright  
House Manager Chairmen

**Education**

My name is Alex Simons and I am the academic chair for ZBT Iota. Most of my job responsibilities require me to meet once a week with brothers who did not achieve a GPA greater than 2.75 in the previous academic quarter. Recently our Vice President Hugh Sturgulewski and I have been revamping the academic committee by pairing struggling brothers with exemplary brothers to help tutor. By the end of this Spring Quarter and next fall we will hopefully be able to find an upward trend in grades as a whole chapter.

C, F & S,  
 Alex Simons  
 Academics Chairmen

**Dean's List**

These brothers due to their academic achievements and hard work made Dean's List this past Winter Quarter. Congratulations brothers, we appreciate all the hard work you do to make our chapter the best it can be. Keep up the success in the classroom!

**IOTA Congratulates IFC Officers  
 Blaise Mariner and Whitley Daniel**

Iota is proud to announce brothers Whit Daniel (left) and Blasie Mariner (right) have been elected as IFC Vice-Presidents. Congratulations... you will serve the Greek Community well!

**Community Service**

As chair of community service I have been put in charge of the very important role of providing and monitoring the service the Iota chapter of Zeta Beta Tau has done for it's community. With a mandatory ten hours of community service needing to be done by every member of the fraternity each quarter we hold ourselves to an attainable standard that provides help to our greater community. As chair I have scheduled and participated in multiple different events over the Denver area. As a chapter we have put many hours into helping Habitat for Humanity, Food Bank of the Rockies, Denver Rescue Mission, as well as many other organizations. As chairman of community service I am proud in what we as a chapter have accomplished in regards to community service.

C, F & S,  
 Keagen Pasco  
 Community Service Chairmen

**Risk Management**

I have only been the risk management chair for one quarter so far, but have already started to get a feel for how our fraternity manages risk. This requires delegating responsibilities to brothers in order to remain our brother's keepers. This is an integral part of our fraternity, and is necessary for the elevation of the fraternity. Currently, I have been working on the risk management plan for ZBTahiti.

**Athletics**

My name is David Kaplan and I am the Athletics Chair here at IOTA. My job is to get the fraternity involved with Intramural sports at the Ritchie Center, and in charge of putting together different teams within the fraternity to play different sports. Our main goal is to win IM championships, and the past five years we have had the greatest teams in IMs. This past winter, we won IM Basketball and beat Sigma Chi in the championship. This past fall we won IM broomball and we are looking forward to winning Broomball again in the spring as well as flag football.

**Inter Fraternity Council**

My name is Matt Brennan and I am the current standing Inter Fraternity Council, IFC Chair for the Iota Chapter of Zeta Beta Tau at the University of Denver. The requirements of my chair have actually shifted somewhat throughout my time in its position and I'll describe why and how. At the beginning (about the first two months) I was required to go to a meeting with the entire IFC council as well as the Pan-Hellenic committee and the committees for Multi-Cultural organizations. During these meetings each organizations representative would report on any upcoming events for their chapter as well as talk about how well past activities went. This changed when the IFC decided to segregate itself and now I have meetings every two weeks with only the Fraternity representatives and report upcoming philanthropy events held by other chapters as well as any business brought up at the meetings. A large success in this position was that we were able to elect both Blaise Mariner and Whitley Daniel to the IFC positions.

### Edward 'Ned' Porges '62

Recently I became a grandfather for the first time last December. My daughter, Bethany, gave birth to baby boy, Chance, in San Francisco. I was recently granted an FCC General amateur radio license KG7OQH. I will be conferred the Doctor of Education degree by University of Washington in June. The College of Education requested me to present a graduate school commencement address. I'm looking forward to a boating season of cruising the waters of Puget Sound with my First Mate Phyllis on our twin diesel, M.V. Challah Day, and welcomes aboard fellow Phi Sigs.
