The Alumni and Parents Newsletter | IOTA Chapter | ZETA BETA TAU | University of Denver | Spring 2020

IOTA ADVISORS' UPDATE

We hope this newsletter finds everyone and their families doing well under these trying circumstances.

The on campus school year ended abruptly near the completion of winter quarter. The students finished up the quarter on line and are doing likewise for spring quarter. Our thanks go out to our graduating seniors who have helped the chapter reach new heights during their four years at DU. We wish them much success in their future endeavors.

IOTA Chapter is the most highly honored fraternity at DU ...winning three out of six FSL 2020 Chapter Awards including Excellent in Alumni & Advisor Engagement, Recruitment/Retention & Intake, Community Service and Cross Council Collaboration Award! Greg Grauberger was the recipient of Best Advisor .

The chapter completed winter quarter with 122 brothers. IOTA is the largest Greek organization at DU. It is unfortunate that we were unable to have spring recruitment and welcome more students to our brotherhood. On the academic front the chapter had a GPA of 3.42 winter quarter-above the all university average. We are extremely proud of their efforts in the classroom.

The chapter has raised OVER \$11,000 for the **Children's Miracle Network** this school year. Furthermore, brothers completed well over 1,000 hours of community service.

We thank Will Rader and his officers and chairmen for their efforts during their term in office and have high expectations for Alec Hurst and his team in the months to come.

I want to personally thank my fellow advisors for their efforts throughout the school year and a special shout out to Don Reisfeld who continues to do a tremendous job as the editor and publisher of **AN IOTA'S WORTH** and other communications.

The chapter's leadership is hard at work developing a robust and diverse calendar of events for fall quarter which will include: recruitment, fall formal, ZBTahiti, a chapter retreat, zip lining, a **Gift of Life** swabbing campaign, a **Wish for Wheels** bike build for 2nd graders, Family Weekend and much more.

Tentative Save the Date for IOTA's 100th Chartering Anniversary Celebration Sept 30-Oct 3, 2021.

For now, stay well.

IOTA CHAPTER | 1920-2020

New Save the Date!

Centennial Celebration

Sept 30-Oct 3, 2021

Dear Brothers,

After much discussion and for the safety of all, we have decided to reschedule until next year.

IOTA's Centennial Celebration Reunion | Tentative SAVE THE DATE | Sept 30-Oct 3, 2021

We will be circulating and posting more information later this year as to the reunion details.

We anticipate the plans will remain similar to what we had originally organized for this year. We will be circulating ideas for things to do for early arrivals on Friday including a golf outing...*stay tuned for details!* Saturday activities will include: DU campus tour, hiking in the foothills, tennis, city tour, brewery tour and a tour of the new Denver Art Museum just to name a few.

A big thank you to the House Corporation for subsidizing the registration fee in honor of Iota's Centennial Celebration at \$100.00 per person. *This will include:*

- **Thursday 5:45pm** Gathering for early arrivals: **Happy hour**
- **Friday 5:00pm Registration:**
Cocktails/Appetizers/Reception: 6:45pm Dinner on your own in groups by class/eras in the North Cherry Creek area. After Friday night dinner at 9:45pm there will be a dessert reception at the Chapter house: 1959 South Columbine.
Golf outing likely earlier in the day
- **Saturday 11:00am** Alumni v. Undergraduate touch football game. Lunch on your own. Tours, hiking, etc.
- **Saturday 5:45pm Reception & Banquet:**
DU's new Chancellor, Jeremy Haefner, will hopefully be joining us for our cocktail hour (appetizers and cash bar) followed by dinner for alumni, spouses, partners and little sisters.
- **Sunday:** Optional breakfast/brunch on your own or in small groups

For those of you who have already registered, if you would like your fee returned please contact Gary Berz at GMLD@aol.com, otherwise we will retain it for next year year's event.

We are hopeful and excited about having a great turnout for IOTA's Centennial Celebration Reunion | Sept 30-Oct 3, 2021.

We know some classes have held "**Zoom Happy Hours**". We encourage others to do the same by class year or years. If you need help organizing, please feel free to contact Steve via email: ehrllich14@aol.com.

For the meantime, be well, stay safe and see you in 2021.

ZBT DOMINATES FRATERNITY & SORORITY LIFE 2020 AWARDS!

IOTA Chapter is the Most Highly Honored Fraternity at DU ...Winning 3 Out of the 6 Chapter Awards!

Fraternity & Sorority Life Awards aka FSL Awards are presented each year by the University of Denver. Congratulations on your accomplishments as a chapter and your positive contributions to the FSL community! This year, Iota Chapter is the proud recipient of the following FSL Chapter and Individual Awards:

- 🏆 **EXCELLENCE IN ALUMNI & ADVISOR ENGAGEMENT**
- 🏆 **EXCELLENCE IN RECRUITMENT/RETENTION & INTAKE**
- 🏆 **EXCELLENCE IN COMMUNITY SERVICE**

ZBT Iota Chapter also won an Individual FSL Award:

- 🏆 **Best Advisor - Greg Grauberger, Academic Advisor**
- 🏆 **Iota Chapter wins Cross Council Collaboration Award**

The Office of Student Engagement believes membership in Fraternity & Sorority Life on campus provides undergraduates and alumni with tremendous, values-based opportunities for lifelong friendship, leadership development, scholarship enhancement and social interaction. Our fraternity and sorority students are scholars, athletes, and campus leaders; they are positively contributing to and benefiting from the University of Denver collegiate experience.

Currently, 22% of our students are involved with fraternities and sororities, and many of those students also hold positions in the Undergraduate Student Government, the University of Denver Programs Board (DUPB), Student Media Board, and many other organizations across campus.

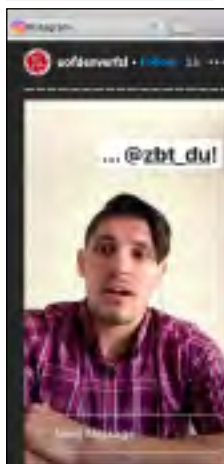

INTERFRATERNITY COUNCIL aka IFC

The DU IFC was founded in 1889, and serves as the Governing Body for DU's 7 fraternities:

"How To Kill in Comedy" by Steve North

Hey it's Steve North '67... it has been a while, and hope you're doing well, and holding up during these stressful times. I wanted to let you know that my new book, ***"How To Kill in Comedy"*** is now released worldwide. It's getting great response and it covers the last 30 years of comedy techniques from my workshops and teaching standup comedy, including an 80-page workbook featuring 20 of the best comedy writing formulas.

"How To Kill in Comedy" will take you from nowhere to somewhere in standup comedy, step-by-step: After teaching you how to create your own unique comedic character, Steve North the Comedy Coach explains the twenty best joke-writing formulas to get great material for your character, and then Steve gives you all the tricks of the trade on how to put your act together on stage, and work as a standup comedian. How to deal with audiences, hecklers, booking gigs, growing your career, techniques, and tricks of the biz. Whether you're a beginner or experienced stand up, or someone's who wants to be funnier in life, business, or speaking... use 30 years of Steve's experience in over 200 jam-packed pages. Joe Espinoza | DU Office of Student Engagement

Hello, my name is Joseph Espinoza and I currently serve as the Associate Director for Fraternity & Sorority Life (FSL) in the Office of Student Engagement (OSE) under the Division of Campus Life & Inclusive Excellence – I began this role in October 2019. I was born and raised in Colorado along the southern border of the state. I earned a Bachelor of Science in Health and Exercise Science with a concentration in Health Promotion and a Master of Science in Student Affairs in Higher Education, both from Colorado State University. Prior to completing my B.S., I completed an internship with Substance Abuse and Mental Health Services Administration (SAMHSA) in the Director's Office of the Center for Substance Abuse Prevention. My background includes working in health education and prevention services, advocating for mental health promotion, facilitating trainings, and giving presentations on a variety of topics, including college student suicide prevention. While attending graduate school, I completed an internship with the Drug Enforcement Administration's (DEA) Community Outreach and Prevention Support Section. I am an affiliated member of Beta Gamma Nu Fraternity, Inc. and crossed in spring 2013. I am passionate about the personal/professional development and organizational management skills, which can be learned from working within chapters and across the councils.

The fraternity and sorority community at the University of Denver shows so much promise with young intelligent leaders who are passionate and committed to creating community impact through social change. I entered the OSE at a pivotal moment, where we find ourselves with a majority of new professional staff and the hope for staff growth to help in improving our community. As part of the OSE, we strive to foster holistic student development among the students we serve. My hope is to build collaborations on and off campus to improve the visibility, growth, expansion, academic achievement, and leadership capabilities of the students we get to work with. In FSL, we currently have three full time graduate assistants and are in the process of hiring a graduate fellow for the 2020-2021 Academic Year. We have successfully hired a graduate intern for the summer of 2020 to primarily aid in council communication, policy and officer training development, and fall recruitment efforts. We hope to continue to improve our communication with students, advisors, and other external stakeholders as we work on the overall improvement of FSL at the University of Denver. If you are interested in getting involved as an alumni of your chapter and would like to give back to the FSL community, please do not hesitate to reach out to me. We love including alumni member interaction with our chapters where we can!

Be well,

Joe Espinoza, M.S.

John 'Jack' Golbert 1940-2020 | Phi Sigma Delta, Iota '62

I recently received a note from Nate Davidovich '60, in Jerusalem. I am so saddened to learn of Jack Golbert's '62, passing. Nate and Jack lived in the same Jerusalem community. I just heard from Jack a few weeks ago. Of course, there was no mention of his heart issues. As college men, we shared many adventures: being first to move into the new chapter house, fraternity roommates, driving cross country for summer jobs at Bobbie Parker's Concord Hotel in the "Borscht Belt", having beers with him at his New York City apartment. Jack lived with his family in Aurora, Colorado. After graduation from DU, he moved to New York City to attend NYU law school. Several years later, he moved to Los Angeles and eventually back to Denver, his home town. In 1980, Jack moved to Israel, married and had a family. He had a law practice in Colorado and Jerusalem. Jack became a modern-orthodox Jew, was a prolific writer, a political activist and had a subtle sense of humor. He and his mother hosted my grandparents for a day at the Air Force Academy in Colorado Springs. My grandparents took several road trips from New Jersey to visit relatives in California. One year they stopped in Denver and the Golbert's invited them for a day of sight-seeing. I fondly knew the Golbert's, sister, parents, brothers and to this day, so admired Jack for his humor, intelligence and cultural devotion.

A couple years ago, my wife Phyllis and I traveled to Israel. We spent a wonderful day with the Davidovich and Golbert families. We had pizza, reminisced over the good times at the Iota Chapter house. (Our wives didn't get it.) Jack was so proud of his daughter serving in the Israeli military. He died at age 80, peacefully in his sleep, on Shabbat, as if he planned it that way. Thanks, Nate, for sharing this sad news. My condolences to Jack's brother, wife and children. Jack Golbert leaves a positive footprint on this world. We will miss him. Edward (Ned) Porges '62, Ed.D.

For the KIDS | Get On The Ball Give to Children's Miracle Network

Every year the Zeta Beta Tau Fraternity runs its **Get On The Ball** fundraiser. This fundraiser works to raise money for the Children's Miracle Network, a non-profit that raises funds for children's hospitals, medical research, and community awareness of children's health issues. Over the years the Iota chapter has raised thousands of dollars for the Children's Miracle Network and has recently established a wonderful relationship with the local Children's hospital in Aurora. This relationship has allowed brothers to visit the medical campus, interact with patients, and most importantly realize the incredible effect their fundraising efforts have on both the patients but their families and the staff that work tirelessly to ensure these children can lead a normal life. We hope that you will support us in this year's effort to raise money for Children's Miracle Network as any donation is greatly appreciated.

This year, we were able to raise \$11,192.38 for **Children's Miracle Network**, and we could not have done that without the support from our loyal friends, family, and most importantly, alumni! Thank You!

Will Rader, our Past President, is mentioned in 'ZBT Stands Against Hate' in The Deltan Spring 2020

<https://www.zbtdigitaldeltan.com/issues/spring-2020/zbt-stands-against-hate/>

As the world's first Jewish Fraternity, Zeta Beta Tau remains in the unique position to serve as a convener on college campuses to address one of the deepest issues facing our brothers and their peers today: anti-Semitism and hate. Anti-Semitism can be defined as the mistreatment and discrimination of the Jewish people.

ZBT strives to help brothers understand the realities of anti-Semitism and guide them to become influencers in their community in the fight to eradicate anti-Semitism and other forms of hate. Our Hate Against One is Hate Against All campaign strives to end hate, whether it be anti-Semitism, racism or other forms of hate. ZBT believes that hate unchecked against one community can lead to hate against other communities. Hate has no place in our world, and ZBT seeks to create a more inclusive world through this multifaceted endeavor.

The Fraternity currently partners with two entities which share ZBT's passion to combat hate, the Anti-Defamation League (ADL) and the National Coalition Building Institute (NCBI). When collaborating with the ADL, ZBT brings their Words to Action workshop to chapters. Words to Action is a personalized program which discusses anti-Semitism, participants' own experiences with this form of hate, and how to respond to this type of discrimination. Approximately 20 chapters receive this workshop annually, thanks to the commitment and generous support of this effort by the Zeta Beta Tau Foundation. As Brother Matthew D. Rupe, Gamma Chi (University of South Florida) 2022 said after his Chapter concluded their Words to Action workshop, *"the session was very informative on anti-Semitism as a whole and was very helpful in providing ways of combating and preventing the further spread of anti-Semitism."* Following a chapter's participation in a Words to Action workshop, brothers coordinate a post-workshop impact program to implement the workshop's skills and techniques to educate non-ZBT brothers about hate. Omicron Chapter at Tufts University welcomed a local Holocaust survivor to share his story with the broader campus community. Over 90 students came to hear Dr. Ludwik Szymanski talk about his experience. Omicron Chapter President Omar M. Badr (2021) said *"Dr. Szymanski shared a powerful story about survival and moving forward, as well as speaking against hate and bigotry."*

ZBT values the diversity of its brothers, and to address other forms of hate which may be relevant to

brothers of various backgrounds, the Fraternity entered a partnership with NCBI. In July 2019, nearly 20 undergraduate and alumni brothers and staff were trained by NCBI professionals to be facilitators of diversity, equity, and inclusion workshops. This cohort of trained individuals lead workshops within their chapters as well as other chapters in their region to address specific forms of hate and empower brothers with the skills to address incidents of hate and bigotry. Beta Alpha Theta Chapter at the University of Colorado at Boulder recently participated in a NCBI workshop led by ZBT's Director of Hate Prevention and Jewish Enrichment, Sheri Rosenberg, and William C. Rader, Iota (University of Denver) 2020. Beta Alpha Theta Chapter President John R. Ochoa (2022) viewed the program as *"an interesting and fun way to get to know (his) brothers. (He) got to know a lot of new things about people that (he) thought (he) knew really well. Thinking about people and their different identities was pretty eye-opening, and (he) would definitely recommend this program to other chapters."*

Most recently, ZBT joined the Combat Anti-Semitism Movement to try to encourage as many people as possible to raise awareness about the rise of anti-Semitism on campus and around the world. Brothers, undergraduate and alumni alike, are able to sign a pledge to combat anti-Semitism and encourage other students, family, friends and community members to sign the pledge as well. Anyone interested in signing this pledge can do so at: <http://combatantisemitism.org/zbt>.

Zeta Beta Tau Fraternity is fully and firmly committed to fighting anti-Semitism and other forms of hate and discrimination plaguing society today. ZBT stands up for what is right and to protect the rights of all people. If you are interested in learning more about any of our hate prevention programs, please reach out to Sheri Rosenberg, ZBT's Director of Hate Prevention and Jewish Enrichment. by Sheri Rosenberg

President

My name is Alec Hurst and I am the President of Zeta Beta Tau IOTA Chapter at the University of Denver. I am honored to serve as the leader of this organization. I am a major in Business Analytics with a minor in Finance. I am very grateful that my brothers entrusted me with the responsibilities of president. I am very proud of our chapter's hard work in and out of the classroom over the fall and winter quarters. Allowing us to place 3rd amongst all fraternities with a chapter GPA of 3.42, which is above the university all men's average. I am also proud to announce that this year we were able to raise more than \$11,000 for Children's Miracle Network, which exceeded our goal of \$10,000. Our organization aims to uphold the deepest values of our fraternity: Integrity, Intellectual Awareness, Brotherly Love and Social Responsibility. We do this through intentional philanthropy, community service, brotherhood development events, quarterly retreats and much more. With IFC awards coming up in the next month, I am looking forward to seeing how many awards we will be able to bring home for the chapter. With the situation of the current pandemic and having to switch to online courses it is unfortunate that we as an organization have had to cancel events in the spring. However, we are looking forward to the fall quarter and if the situation becomes less severe we are looking forward to hosting brotherhood events where possible over the summer. I hope everyone is safe, healthy, and happy. Feel free to reach out to me at: alec.hurst.du@gmail.com anytime with questions or concerns. It's great to be a Zeeb!

C, F & S,

Alec Hurst, Iota Chapter President

Operations Director

My name is Arthur Ashworth, I am a sophomore at DU. I joined the executive board to make a difference in our chapter and campus, and change the way Greek life is perceived in Bend relations with the university. So far having this experience has been a great three months learning how much work there is in running a successful chapter.

Faculty Advisor

I am Greg Grauberger, the faculty advisor for ZBT, I work as an advisor at the Daniels College of Business and work closely with Daniels students and their families. My opportunity to serve for ZBT gives me the chance to branch out and enjoy the privilege of working with a group of brothers who are very visible and distinguished on campus. In the time I have been associated with ZBT, I have witnessed the energy and effort that the house places against all campus activities, creating well-rounded brothers who are creating meaningful, lifelong networks. As a priority, I want the current brothers to think back to the time that they joined ZBT, the commitment to stand shoulder to shoulder with their brothers, to respect and be there for them. Now, step back to re-examine that original commitment they made to themselves and to the others who are their ZBT family. Given that perspective, how can they personally extend and increase that commitment inside, and outside the ZBT community? What are some strategies and tactics to accomplish this academically, culturally, and socially? These will be some areas we explore in the future, and as parents and alums, your feedback is welcome.

I am very honored and flattered by the recognition, and to have been able to receive the Excellence, Chapter Faculty Adviser award in person. In my position in Daniels, I work with a lot of students, and a lot of Greek students, and each day I feel most fortunate to be connected specifically as a ZBT Brother with everyone individually, and as a group. It's a tremendous house, but one that has not even reached its potential academically, which is both a challenging and exciting proposition. While last night provides a snapshot for earned celebration, it also gives us the impetus to direct our momentum to the future and to visualize the accomplishments ahead of us.

Thanks again, and please give all the Brothers my sincere thanks at the upcoming chapter meeting.

Finance Director

My name is Enzo Sorano and I am the chapter's Financial Director. Given these unique circumstances management of the chapter's finances has been both in interesting and challenging. Thankfully, with the size of our brotherhood and proper financial management in the past the chapter is in good shape heading into to the next school year. We have funds available not only for robust programming this fall, but to support events to be held around the country the spring and summer.

Looking forward to working with the chapter's leadership and our advisors as we move forward.

Programming Director

My name is Andrew Swift and I am the Programming Director for Iota Chapter. I chose to run for E-board because I believed I could change our fraternity for the better and give everyone a chance to be heard. My duties include overseeing half of the committees and making sure our chapter and brothers are in the best shape possible. ZBT has given me some of the best relationships and memories of my life and I would like to give that to the rest of our brothers.

Community Service

This spring, although we weren't on campus, we have been encouraging brothers to engage in meaningful community service activities from home while staying safe. When we return to campus in the fall, we are planning on having a large event with the sisters of Alpha Phi, and the Wish for Wheels organization. This event will consist of brothers building bikes for kids in need, and actively engaging with not only the Greek community at the University, but with the community on a larger scale. We are also planning on having a trail cleanup, and a variety of other, smaller events to maintain a positive impact on our locality. We try to do service, always.

Provost

As the Provosts for the Iota Chapter, we find ourselves staying committed to the idea of inclusive excellence and education beyond the classrooms. Whether it is the education of the new brothers or the education for the entire chapter, we are focused on continuing the tradition of molding intelligent, capable young men into one powerhouse of excellence. One way we do this is by bringing in outside speakers and individuals from our community to come and talk to our brothers. It can be just about anything and everything that can help brothers move in a positive proactive direction. We bring in financial management experts to help brothers start planning for the future. We bring in the Chancellor, Vice-Chancellors and other university administrators to stay informed about our University and to maintain strong relationships with the University. We bring in police officers to know what they expect from us and how we can spot danger and threats to our organization for a mile away. We have also has speakers on mental health, sexual assault prevention, risk management and other pertinent topics. Lastly, we provide leadership training to our officers and chairmen and those apprising to be chapter leaders. Bottom line, we help compliment what we are learning inside the classroom with various educational programs.

Alumni/Parental Relations

My name is Braden Krumholz and I am the new alumni and parental relations chair. I handle the alumni relations' part of the fraternity such as planning events such as the 100th year anniversary of our chapter. I also help expand the alumni network through phone calls to alumni's that are not involved in the fraternity. I took the job because I enjoy history I, so I like interacting with alumni's. Alumni's provide the history of the Iota Chapter, so I believe it is important to interact with you. Alumni's are also a part of the ZBT brotherhood, so I believe it is important to stay connected with new and old brothers. I hope to meet many of you very soon at the 100-year anniversary gathering and if you ever have any question about future events, do not hesitate to contact me.

Academics

As the academic chair, it is my goal to help all members achieve academic success. Through various programming for our brothers, we have increased our chapter GPA to 3.42. This is not only the third highest GPA among the IFC, it is above both the all male's and all undergraduate's GPAs. This is an outstanding accomplishment and something for all brothers to be proud of.

We will continue to expand out programming and tutoring options to ensure all brothers can and do succeed.

Brotherly Overwatch

My name is Oscar Lama and I'm the chair and founder of Brotherhood Overwatch. Our goal is to provide a way to check in on the mental health of our brothers in our chapter. During my senior year, in tandem with the members of the Brotherhood Overwatch committee, I assigned four brothers, a freshman, a sophomore, a junior, and a senior, to be class representatives, in order to watch over the brothers of each of their respective classes. I set this up because I knew that I could not be as effective as I wanted to be on my own, and so I recruited brothers who were in different classes and could thus better address the needs of different brothers in our fraternity. Also, during my senior year, we would try to have a pizza party every week where everyone in the chapter was invited to talk about the every day stresses of being a college student. My goal for the future of Brotherhood Overwatch is for someone to take over my position after I graduate and continue to improve the Overwatch by inviting speakers and spotlighting the importance of mental health on college campuses.

Brotherhood Development

My name is Alex Murphy and I am the current BDD chair for Iota. I would like to thank my big brother and predecessor, Aiden Schief, for supporting and preparing me to take his place. Aiden did a great job. Despite having to move off-campus because of the coronavirus, we all have managed to hang out on Zoom and play video games with each other. I have a lot of new events planned for the fall and I hope to provide especially robust programming since we have missed out on a quarter's worth of events.

As a new brother of Iota, I was taught the importance of BDD for engagement and the development of friendships both across and within classes. Upon becoming BDD chair, I shared a survey with the entire chapter regarding their specific preferences for future event's timing, size, and locations. I will do my best to provide great events for the entire chapter to enjoy and I look forward to getting creative with the programming.

Recruitment

After a successful two semesters of recruitment, the freshman class of Iota Chapter at the University of Denver has over 30 quality new brothers. First, our goal is to help grow the Greek-life community as well as show potential new members what great things Greek life has to offer. Many active members from the fall class knew other freshmen were simply not interested in rushing and we want to change that. In order to show them the benefits of being in a fraternity, our active brothers focus on promoting the aspects of fraternal life. By educating potential new members on the philanthropy, community service, academic priorities, alumni connections, and leadership opportunities available within Iota Chapter, we are able to attract and initiate a variety of quality brothers. Through this process, when recruiting new members we highlight these benefits and the importance of brotherhood as part of a student undergraduate experience and beyond.

Due to the COVID-19 epidemic recruiting was more difficult. We decided to have a virtual spring recruitment. We want quality men to join the fraternity and we didn't believe that could be possible by getting to know them through a screen. We hope that many will consider joining our brotherhood this fall.

Despite this, recruitment has been a great success this year. We are hopefully that fall recruitment will add more than 30 new brothers to our chapter.

At Iota we understand that **Recruitment is the Lifeblood of Fraternity**. We would welcome your recommendations of men that we should consider adding to our brotherhood. Please send recruitment recommendations to Peyton: ptrweeter@gmail.com or Joe: joe.radochonski@du.edu.

Athletics

Hi, my name is Ari Brooks. I am a rising junior from Highland Park, Illinois. As athletic chair, my goal is to bring IM championships in every sport to ZBT. We have had teams registered for almost every sport this year, but the goal next year is to have at least one team registered for every sport. My plan is to get the teams set up early, establish upper classmen captains, and practice at least once a week to make sure that we put our best teams on the field.

Philanthropy/ B Positive

My name is Cyrus Jumalon and I am the new Philanthropy chair of the Zeta Beta Tau Iota chapter. This past quarter has been a challenge for my transition as the new philanthropy chair because of the misfortune of COVID-19. Despite being a challenging quarter for our fraternity and community we have raised over \$11,000 for our main philanthropy, the **Children's Miracle Network**. When it is safe we plan to visit the hospital with a few brothers to understand why so much time and effort is put into raising funds for this hospital. We are also beginning to plan for the Gift of Life, a cheek swab drive that will find donors tissue type and see if it matches a patient looking for a donor. We try to do charity, always.

Cyrus Jumalon
Philanthropy/B Positive Chairmen

Public Relations

I have enjoyed the beginning of my role as the Public Relations Chair and look forward to spreading our experiences with alumni brothers through our social media platforms. I strive to help create more awareness of the positive impacts of our brotherhood on social media. My duties are to actively engage our social media following which is alumni and current brothers. This engagement allows for graduates to stay active in our community, and reminisce about their own experiences. I document our activities like intramural sports, to quarterly retreats. I share our impact on surrounding community, like our **Get On The Ball** fundraiser supporting the **Children's Miracle Network**. I strive to continue to bring our community together.

Heritage

Hello, my name is Jake Kalina. I am the Heritage Chair for the Iota Chapter of the Zeta Beta Tau Fraternity here at the University of Denver. Coming from a small, fairly homogeneous city of Rochester, Minnesota, I was one of only 100 Jewish families. From this experience I understand how important it is to provide programs to educate brothers and community members on Jewish heritage and issues of importance to the Jewish community. In the past quarter, many brothers had the opportunity to attend several Hillel activities and Chabad services. With the quarter getting cut short our chapter unfortunately had to cancel everything but no worries! We will make up for it in the fall!

C, F & S,
Jake Kalina
Heritage Chairmen

Risk Management

The risk management committee at Iota has been working diligently over the past school year, and although we are currently in a situation out of our control we're looking forward to getting back and having a great quarter this fall. We're ready to implement additional educational material at chapter meetings regarding topics such as alcohol and substance abuse, hazing, and sexual assault. These presentations paired with our already robust risk management protocol will keep our brothers and our campus as safe as possible. The University of Denver appreciates our commitment to risk management and our relationship continues to grow.

C, F & S,
Austin Danelski and Aiden Vaughey
Risk Management Co-Chairmen

Social Chairmen

As social chairmen of the Zeta Beta Tau Iota Chapter, it is my responsibility to keep our fraternity active on campus. This means setting up exchanges with sororities on campus, planning registered parties with the University of Denver administration, and facilitating opportunities to connect with other Zeta Beta Tau chapters like the one at Boulder. In light of COVID-19 all social functions in the Spring were suspended, however, we are looking forward to a busy fall.

C, F & S,
Danny Lane & Grayson Warlick
Social Co-Chairmen

Rituals

The Rituals committee is dedicated to fostering the unique Iota experience each brother has at rituals and paying service to the long-standing traditions of the Zeta Beta Tau fraternity. Upholding these traditions and more importantly the standards that come with throughout a brother's journey with ZBT is crucial to setting the precedent of outstanding character that every brother is challenged to put forth. Each ritual has their respective purpose all focusing on crucial moments in the fraternity whether it is the initiation of new brothers, the revealing of 'biggs' and 'littles', or the initiation of new E-Board members. These services honor their subjects for their willingness to accept the increased accountability toward their brothers they take on by either becoming a member, accepting a mentor, or promising to be reliant and taking a leadership position within the fraternity. The Rituals committee remains focused on paying service to the respect that is deserved by adhering to the call to serve the fraternity.

C, F & S,
Jack Diakon
Rituals Chairmen

Sexual Assault Prevention

Parker Fisher runs the Sexual Assault Prevention. The purpose of this committee is to educate, inspire, and mobilize members of the Zeta Beta Tau fraternity to be the best neighbors we can be to our fellow students and members of the University of Denver and surrounding communities. This year the Iota chapter is looking to host training seminars like Green Light Go, a national ZBT program raising awareness on college campuses about sexual assault and consent. We constantly encourage our brothers to be conscious and active bystanders on campus and in our daily lives. We also offer support to fellow brothers who have been impacted by sexual assault, either directly or indirectly. Our committee is looking forward to continuing our engagement with the DU community in the coming years.

I am retired. Normally enjoying golf in our Hunters Run community in Boynton Beach, Florida. My wife, Sheryl, son Eric, and two grandchildren Leah and Michael are all well and hunkering down until this pandemic is over.

Bruce H. Balonick '70

Well, here's my story: Marcia and I still live in the Chicago area, where three of our grandchildren also live. Our other two grandchildren live in Denver, where Steve, Gary, and Jim all get a fair chance to act as their family. Of course, we get to Denver often to see those grandchildren (and the adults they live with and our Colorado friends). And, I get out often to ski. Skiing with my grandchildren is not (yet) as aggressive as bumps with Jim and Gary, but it's something I have dreamt of since before the kids were born. Sadly, for the first time in many years, the guys ski week was canceled this year.

I am still working, although I left my law firm last year to go in-house with a favorite client.

Strange times we're living in. Today, the IT guys are downloading my documents and Outlook onto a laptop so that I can: <https://staythefuckhome.com/> Really looking forward to seeing you guys in October. Stay safe.

I visited DU about six years ago trying to convince our daughter to attend (she wound up at UC Davis instead) and can attest to the change. Dan Ritchie was a visionary. Barbara and I have two kids - both independent; one lives in San Francisco while the other lives in Moscow; I have one grandchild from a former marriage. We sold our home in Massachusetts aka 'Taxachussets' this past June and split seasons between New Hampshire and Florida (West coast). I continue to ski and play golf (solid 25 handicap). Best wishes to all and do take care! Say hi to the wombat (Terman).

Thanks Steve for connecting us during this crazy time in our lives. Here's my story - Wendy and I have lived in our house in Highland Park for 28 years. We have two daughters - Ada, 27 years old living in Chicago with her boyfriend and is an occupational therapist at Mt Sinai Hospital, a safety net hospital in Chicago. My other daughter, Neeve, presently lives in New Orleans, having worked in Teach for America program for two years and now works for City Year (similar program). So Wendy and I are empty nesters caring only for Ozzie, our 12 year old dog and my best friend.

I am still working in our 39-year old PR firm, though tak-

ing it a little easier during the summer months. I am still a political/news junkie.

Gunner - Great to hear from you! My handicap is 28 so you owe me strokes if we can get on the golf course. I get Balonick on the golf course a few times during the summer. He might beat you on the slopes but you will have to give him strokes on the golf course.

Everyone stay healthy. We are the "senior citizens" they keep talking about on TV. Hope to see you all in October.

I am a Biomedical Engineering Graduate Student at the University of New Mexico. Graduating with my Masters of Science next month. Much of my work surrounds the classification of aortic valve cells, investigating as to why aortic stenosis, a leading killer in the US and the world, develops. Other research topics that I have been involved in are as follows: Autophagy (the study of aging), diabetes treatment (microneedle development), flow Cytometry (cancer cell classification), and the

impact that deep learning (artificial intelligence) could have on the biomedical and medical field. Currently deciding if I would like to continue in pursuit of a PhD., or work in the industry.

My immediate family lives in Albuquerque, highlighted by my youngest sister, Eliza Mariner, who plays forward for the University of New Mexico women's soccer team.
