Alexander "Babe" Lewin Award - Excellence in Alumni Outreach and Planning

ZBT'S INTERNATIONAL ZOOM CONVENTION

July 26, 2020 – Once again IOTA Chapter for the 12th year in a row has been a Brummer Cup runner-up or recipient (2016 and 2018 Brummer Cups). An amazing model of consistency for over a decade. IOTA was the recipient of the Alexander "Babe" Lewin Award for Outstanding Alumni Programming. Certain awards were not given out this year due to circumstances: publications, website, etc.

IOTA PRESIDENT'S MESSAGE

Thanks to all of brothers and especially our chapter leaders for their efforts during the past school year. We are pleased to have once again been a runner up for the Brummer Cup. We are also pleased that we won the award for best alumni programming. Thanks to all of our alumni volunteers who help make this possible especially Don Reinfeld who does an outstanding job on our alumni publications.

As we approach fall quarter there are many uncertainties. Since we are our brother's keeper job number one will be keeping everyone safe and healthy. Lots of time an effort has been going into to making this happen. All rooms at the chapter house will be singles, use of the chapter house will be limited, additional professional cleaning will take place, the list goes on and on. This said we are focusing on what we can do within the guidelines established by the University and state and local health orders. For the time being large events will be replaced by smaller ones. There will be lots of gathering by class, families, etc.

While there will be no intramurals we are creating our own in house leagues. We will continue to do community service and raise monies for Children's Miracle Network. Recruitment will be different and in some ways better with focus on man on man recruitment. While things will be different we work through this and look forward to things returning to what will be a new normal in the not too distant future.

We hope you and your families are doing well. **Rest assured it is still great to be a ZBT at DU!**

C, F & S,

Alec Hurst, Iota Chapter President, University of Denver '20

ZOOM HAPPY HOURS

If anyone is interested in putting together a **ZOOM HAPPY HOUR** for their class or a few classes please contact Steve Ehrlich: ehrllich14@aol.com, he can provide you with names, e-mails and suggestions to help you make this happen. Some classes have already done this and had a great experience.

IOTA ADVISORS' UPDATE

As fall quarter approaches, we are hard at work preparing for what will be an interesting and hopefully unique academic session. Lots of time and effort is going into planning to make our property and operations as safe as possible. The University and the National Fraternity have been quite helpful in this regard. Certainly the chapter leaders and our brothers will need to be smart.

Will things be different... they certainly will. Fewer men living in the chapter house, more events outside, limitation on size of events, the list goes on. Creativity and flexibility will need. At the end of the day with most freshmen having single rooms along restrictions on events and get together now more than ever fraternity can and will be a place for men to build relationships, friendships that will last a lifetime and provide a sense of community.

We continue to be proud of the accomplishments of the chapter. For the twelfth year in a row we have been a runner up of winner for ZBT's Best Chapter – The Brummer Cup. The fraternity limited the number of awards this year and we won for best alumni programming. Thanks to Don Reinfeld for his continuing efforts as the publisher of *An Iota's Worth*.

We are certainly proud that the chapter's GPA was 3.69 well over the all university average of 3.4. The chapter raised over \$11,000 for Children's Miracle Network plus over 2000 hours of community service. The brothers are living up to the challenges found in our ritual and Credo.

My thanks to all of our advisors who help mentor our undergraduates.

Here's hoping for a safe and fun filled quarter.

C, F & S,

Steve Ehrlich

Award Spotlight!

Alexander "Babe" Lewin Award for Outstanding Alumni Programming: IOTA

The Alexander "Babe" Lewin Award honors the chapters that maintain active communications with its alumni. Named for an alumnus of Phi Sigma Delta Fraternity who served for many years on the professional staff of that Fraternity, the Alexander "Babe" Lewin Award is presented to the chapter that values the resources and experiences that are afforded by its alumni. To qualify a chapter must have produced and mailed at least two alumni newsletters in the past academic year and provided the National Office with updated Alumni contact information. As well, the qualifying Chapters host events that encourage alumni participation.

Academic Success

IOTA posted a 3.69 GPA for spring quarter well above the all University GPA of 3.4.

RECRUITMENT

Recommendations Wanted!

We are looking for a few great men to join our chapter. In these uncertain times we feel that joining a fraternity will be a great way to develop a sense of family and community while socially distancing.

Please send your recruitment recommendations to Joe at radochonskijb@gmail.com. We will promptly contact the student and welcome him to the University of Denver. To make a recruitment recommendation for any other chapter, please go to:

<https://zbt.org/alumni/recommend-a-brother/>

IOTA | DU | COVID-19

The University is planning to operate to have classes on campus this fall starting September 14th. IOTA is returning with over 85 brothers.

The chapter house will be operating. We will have 12 men living in, all in single rooms along with our house director – a ZBT alumnus and graduate student. We will be operating under protocols developed by the University focusing on density, cleaning and safety.

Meetings, recruitment, events, etc will all be done in accordance with University, state and city guidelines. Creativity and flexibility will be necessary. Given that most freshmen will be in single rooms in the dorms we feel that many will be interested in finding an organization to help them find connections on campus.

The chapter's leadership is hard at work on developing programming to help us help our brothers stay connected and safe during these uncertain times.

NFL Player, ZBT Alumnus

USC ALUM ZACH BANNER USES PLATFORM TO FIGHT ANTI-SEMITISM

When USC football alum Zach Banner posted a video in response to an anti-Semitic Instagram post by DeSean Jackson on Twitter on Wednesday afternoon, he became one of the first NFL players to speak out on the issue. Little did he know how much attention and praise he would receive for speaking out in the video, which has now been viewed more than 700,000 times.

"I just needed to be able to post something," Banner explained. "I could never imagine it was going to get this much attention."

In his heartfelt video, Banner, an All-American offensive tackle for the Trojans who now plays for the Pittsburgh Steelers, explained that his friends from USC taught him about the Jewish community. Banner was a member of Zeta Beta Tau, a historically Jewish fraternity, and credits his ZBT brothers with sharing their family's experiences as part of his learning about the Jewish community.

"We shouldn't be blind to other groups' history, traditions and other stuff they have gone through, some of the things that have set them back," said Banner, emphasizing the importance of education. *"If you don't know what the Holocaust is, you're really just failing yourself."*

Banner's words quickly began gaining traction on social media, and he began receiving messages from people who felt the impact of his words on a personal level, sharing that his message made them cry.

"To be able to uplift anybody, and be able to make someone's day, one individual is okay to me, but when that love is appreciated worldwide, it's almost too much, because I am just so proud of not only myself but when I do something like that, but I'm representing my friends," Banner said.

Banner said he only slept for 45 minutes on Wednesday night, overwhelmed by the response he had received.

Banner's B3 Foundation, which supports youth in Tacoma, Washington, Los Angeles and Guam, has received an outpouring of support as well, receiving more than \$50,000 in donations since Wednesday. The donations received have been in increments of \$18, a Jewish tradition honoring the numeric value assigned to Hebrew letters that mean "life."

"It's just really, really powerful to know that in response to sticking my neck out, they have not only put their arm around me and said, 'We appreciate it. We got your back as well,'" Banner said.

Banner has continued the conversation on social media, supporting communities who need it through his words and actions.

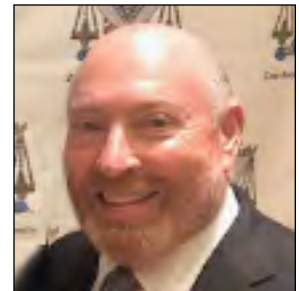

"I'm ready for that challenge, to be able to stand in solidarity with the Jewish community as I am also trying to uplift my own through the Black Lives Matter, and the Black and brown people," he said.

Goody Doing Good!

Citadel CEO Ken Griffin and other big names in Chicago business including IOTA's alumnus, Richard Goodman are joining a \$50 million effort to provide free high-speed Internet service to about 100,000 Chicago Public Schools students.

Mayor Lori Lightfoot announced the philanthropic-funded program, Chicago Connected, as a public-private investment in broadband, prioritizing families on the city's South and West sides.

The first two years of the program, which the city said will be "majority funded by philanthropic partners," includes \$7.5 million from Griffin, who has [opened his wallet](#) for city efforts multiple times during the COVID-19 crisis. Also funding the effort: \$5 million each from CARES Act funding and the Crown Family Philanthropies; \$2.5 million from the Chicago Community COVID-19 Response Fund; \$2 million from Illinois Tool Works; \$1.5 million from the Pritzker Traubert Foundation; \$500,000 from the New York-based JPB Foundation; and \$250,000 from the Joyce Foundation.

RECRUITMENT RECOMMENDATIONS WANTED!

We are looking for a few great men to join our chapter. In these uncertain times we feel that joining a fraternity will be a great way to develop a sense of family and community while socially distancing. Please send your recruitment recommendations to Joe at radochonskijb@gmail.com. We will promptly contact the student and welcome him to the University of Denver. To make a recruitment recommendation for any other chapter, please go to:
